HOW TO MEASURE YOUR CHILD FOR CAPRI

STEP 1

Make your child stand erect, Shoulders relaxed, neck held Up and looking straight.

STEP 2

With an inch tape measure the length of the capri starting from his/her navel line to 2inch below the knee. The measuring tape needs to be held on the outer edge of the body i.e near the side pockets.

STEP 3

Next to measure the waist, wrap the inch tape with just a finger's gap around the waistline, at the navel. Also do not measure a bigger size anticipating future growth. Our capri come with a elasticized back to take care of this.

NOTE:

A. If you have bought uniforms at our store before, you can also check the labels of your previous year's garment. Keep that as a reference and order a size that would fit him/her now.

B. If your measurement is between two sizes you can either order the smaller size for a tighter fit or the next size up for a looser fit.

HOW TO MEASURE YOUR CHILD FOR FROCKS

STEP 1

Make your child stand erect, Shoulders relaxed, neck held Up and looking straight.

STEP 2

With an inch tape measure the length of the frock starting from top most edge of her shoulder to, an inch above or until the knee. The measuring tape needs to be held in a straight line. It would also help if you measure a frock that fits her well. Start from the top of the shoulder measuring till the hem.

STEP 3

Next to measure the chest, wrap the inch tape with just a finger's gap around the chest, just below the arm. Also do not measure a bigger size anticipating future growth. Our frocks come with room for free movement.

NOTE:

A. If you have bought uniforms at our store before, you can also check the labels of your previous year's garment. Keep that as a reference and order a size that would fit him/her now.

B. If your measurement is between two sizes you can either order the smaller size for a tighter fit or the next size up for a looser fit.

HOW TO MEASURE YOUR CHILD FOR FULL PANTS

STEP 1

Make your child stand erect, Shoulders relaxed, neck held Up and looking straight.

STEP 2

With an inch tape measure the length of the pant starting from his\her navel line to the base of his\ her foot. The measuring tape needs to be held on the outer edge of the body i.e near the side pockets. It would also help if you measure a pant that fits him well. Start from the top of the belt measuring till the bottom hem.

STEP 3

Next to measure the waist, wrap the inch tape with just a finger's gap around the waistline, at the navel. Also do not measure a bigger size anticipating future growth. Our pants come with a margin for adjustments to take care of this.

NOTE:

A. If you have bought uniforms at our store before, you can also check the labels of your previous year's garment. Keep that as a reference and order a size that would fit him/her now.

B. If your measurement is between two sizes you can either order the smaller size for a tighter fit or the next size up for a looser fit.

HOW TO MEASURE YOUR CHILD FOR NICKER/ SHORTS

STEP 1

Make your child stand erect, Shoulders relaxed, neck held Up and looking straight.

STEP 2

With an inch tape measure the length of the half pant(nicker) starting from his navel line till an inch above knee. The measuring tape needs to be held on the outer edge of the body i.e near the side pockets.

STEP 3

Next to measure the waist, wrap the inch tape with just a finger's gap around the waistline, at the navel. Also do not measure a bigger size anticipating future growth. Our half pants (nicker) come with a elasticized back to take care of this.

NOTE:

A. If you have bought uniforms at our store before, you can also check the labels of your previous year's garment. Keep that as a reference and order a size that would fit him/her now.

B. If your measurement is between two sizes you can either order the smaller size for a tighter fit or the next size up for a looser fit.

HOW TO MEASURE YOUR CHILD FOR PINOFO / TUNICS

STEP 1

Make your child stand erect, Shoulders relaxed, neck held Up and looking straight.

STEP 2

With an inch tape measure the length of the pinofu starting from top most edge of her shoulder to, an inch above or until the knee. The measuring tape needs to be held in a straight line. It would also help if you measure a skirt that fits her well. Start from the top of the shoulder measuring till the hem

STEP 3

Next to measure the waist, wrap the inch tape with just a finger's gap around the waistline, at the navel. Also do not measure a bigger size anticipating future growth. Our pinofu come with a 3-loop adjustments to take care of this

NOTE:

A. If you have bought uniforms at our store before, you can also check the labels of your previous year's garment. Keep that as a reference and order a size that would fit him/her now.

B. If your measurement is between two sizes you can either order the smaller size for a tighter fit or the next size up for a looser fit.

HOW TO MEASURE YOUR CHILD FOR SHIRTS

STEP 1

Make your child stand erect, Shoulders relaxed, neck held Up and looking straight.

NOTE:

A. If you have bought uniforms at our store before, you can also check the labels of your previous year's garment. Keep that as a reference and order a size that would fit him/her now.

B. If your measurement is between two sizes you can either order the smaller size for a tighter fit or the next size up for a looser fit.

STEP 2

Measure the length of the shirt starting from the highest point of the shoulder all the way till you are just below the hips.

STEP 3

Next measure the shoulder beginning from one end of the shoulder bone till the other end, paying keen attention not letting the tape twist or run cross.

STEP 4

Next to measure the chest, wrap the inch tape with just a finger's gap around the chest, just below the arm. Also do not measure a bigger size anticipating future growth. Our shirt come with ample room for free movement.

SPECIAL ATTENTION:

Generally the shoulder is half of the chest measurement and this will help you choose the right combination of the size. The shoulder and the chest are primarily the key factors for a good fitting shirt.
